

RM-10582

RM-10582 includes data that supports multiple applications, filed by those that can afford to finance them, stand a better chance to receive the vanity callsign. These applicants are following the rules.

It is only a matter of time before software is written that will enable one to file not 20 or 30 applications but 1,000 or more at the touch of a mouse button. The FCC staff and systems would be overloaded.

Please take steps as outlined in RM-10582 to limit ONE application per person for each vanity callsign.
